PROFILE SUMMARY

BTech graduate with foundational knowledge in Python programming and web development technologies, including HTML, CSS, and JavaScript. Familiar with building basic web applications and understanding backend concepts, with a strong interest in learning modern frameworks and software development practices. A motivated learner with good problem-solving skills, seeking opportunities to apply and enhance technical skills in real-world projects.

TECHNICAL SKILLS

- **Languages:** Python, HTML, CSS, JavaScript.
- **Frameworks & Libraries:** Bootstrap.
- **Databases:** MySQL (basic).
- **Concepts:** OOPS, Data Structures
- **Version Control:** Git, GitHub.

EXPERIENCE

Keltron Knowledge Center **Thiruvananthapuram, Kerala**
Full Stack Developer Intern *02/05/2023–08/05/2023*

- This internship was a structured training program focused on full-stack development.
- Completed foundational training in HTML, CSS and JavaScript gaining hands-on experience in front-end development through guided projects and exercises.
- The program emphasizes practical skill-building through structured training before contributing to live full-stack projects.

PROJECTS

St. Thomas Institute for Science and Technology
Coral Health Monitoring and Sustainable Reef Conservation **Thiruvananthapuram, Kerala**

- Tech Stack: Python, HTML, CSS, JavaScript
- Developed an AI-based system to detect coral diseases and count fish using underwater images.
- Implemented a custom CNN-based deep learning models for marine ecosystem monitoring.
- Built a web platform for automated analysis and visualization of reef health data.

Personal Portfolio

- Tech Stack: HTML, CSS, JavaScript
- Built a fully responsive personal portfolio
- The site likely includes smooth page navigation and simple visual transitions.
- There are clear sections for important contents like skills, projects and contact information.

CERTIFICATIONS

- **Web Development (Internshala Trainings, 2024):** Gained knowledge on building a fully functional website
- **Web Development (Null Class Trainings, 2025):** Web development training and build real time projects
- **Python (Coursera, 2025):** Certified in Python Programming Fundamentals by University of Michigan (Coursera)

SOFT SKILLS

- Strong problem-solving and analytical thinking skills.
- Self-motivated learner with adaptability to new technologies.
- Attention to detail in software development and technical documentation.
- Effective technical communication and time management abilities.

EDUCATION

St. Thomas Institute for Science and Technology **Thiruvananthapuram, Kerala**
B.Tech in Computer Science and Engineering
